

MEDCOM: Army Command

If you are part of the MEDCOM network, you should be using our Walsh-MEDCOM QA Solution

Are you subcontracting your cleaning services?
Is your QA team focused solely on inspections?
Do you inspect "Cleaning Types I to VI" daily?
Do you report on AQL?

Walsh has developed a custom MEDCOM solution that meet your needs right out of the box; checklists, instant reporting, follow-ups and reminders; all in a fully automated system.

With Walsh QA Inspector: communicate and correct issues faster, provide precise details on findings to your contractor, track resolution in real time, Improve responsiveness of your cleaning contractor. Deliver a cleaner safer facility to your patients and staff.

Walsh is proud to support Army Medical Centers across the nation.
