

VA Medical Centers

Today, dozens of VA Medical Centers rely on Walsh Integrated Solutions to power their success.

Walsh has been developing solutions specifically for VA Medical Centers in the areas of Housekeeping, Pest Management, Grounds, and Laundry.

Are you trying to manage dozens or hundreds of Managers, Supervisors, Specialists and workers, scattered across buildings, a Campus, or even across the State? Do you need to ensure that rooms are clean, laundry is usable, grounds and pests are under control? Are SHEP scores and the Get Well Network part of your day?

Let us help you as we have so many others.

Walsh QA Inspector

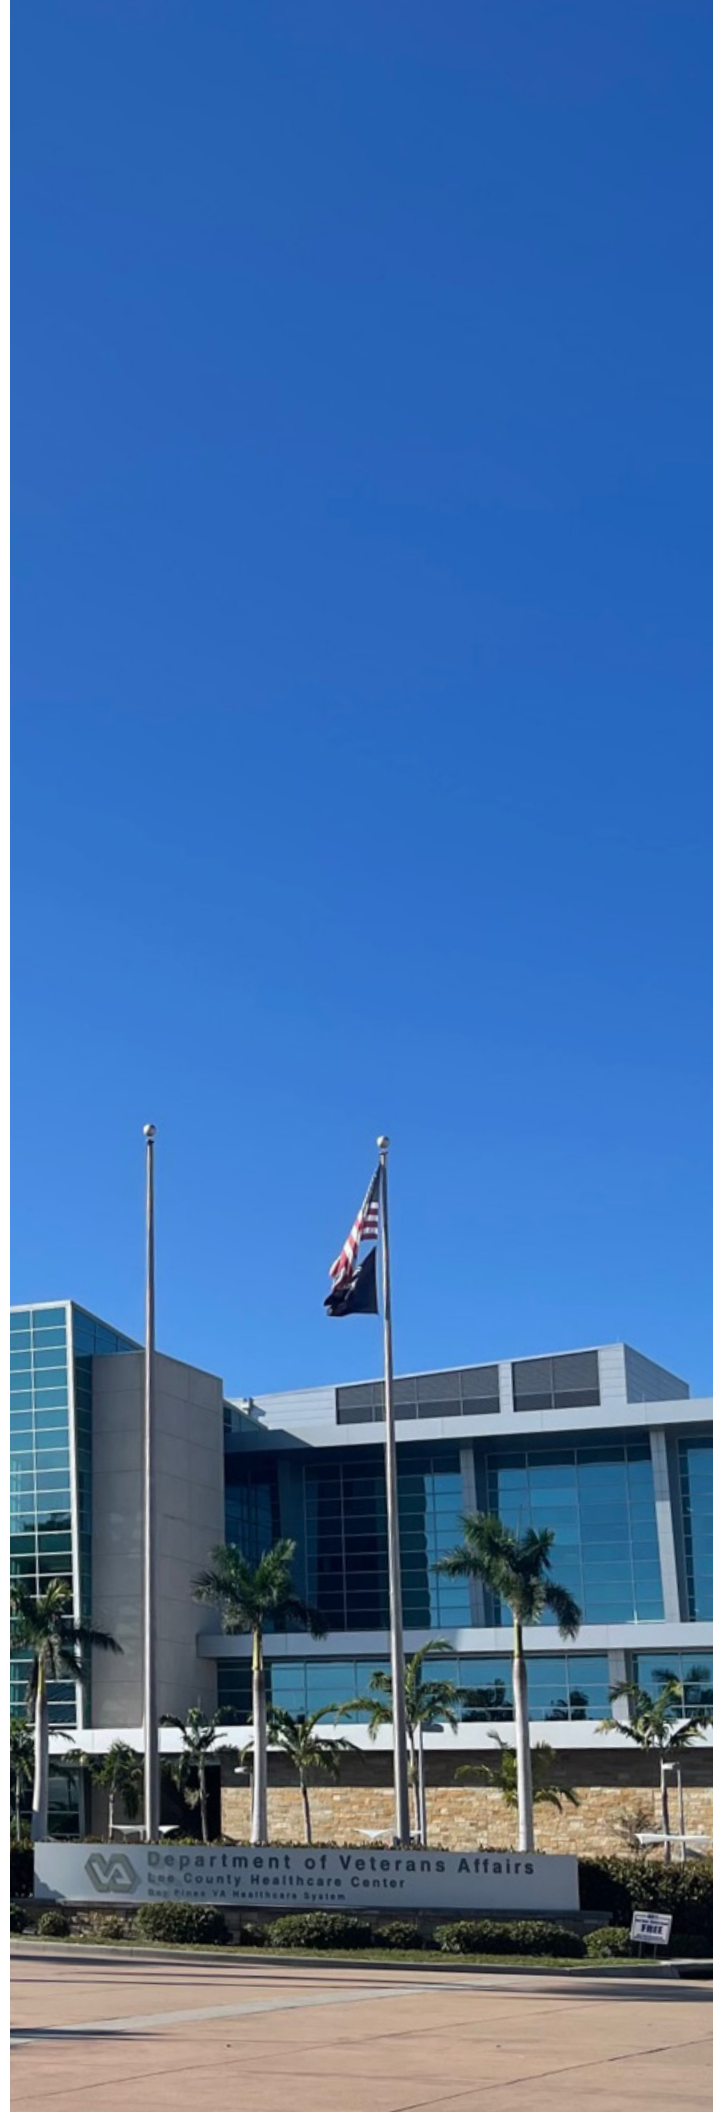

A single mobile system that manages all aspects of your cleaning QA program; Mobile Inspections, ATP and Fluorescent marking, OR inspections, IV Compounding rooms, and much more.

Housekeeper Task Management System

Manage your housekeepers more effectively with immediate feedback on tasks completed and rooms cleaned, using mobile devices

Employee Knowledge and Continuous Readiness

Ensure your staff are up to date on their knowledge and ability to respond appropriately when asked.

VA Medical Centers

Patent satisfaction

Monitor patient experience yourself, don't wait for feedback from the Get-Well Network or SHEP results, take care of issues before they become problems

Walsh Laundry Quality Manager

Ensure the laundry that your plant is producing meets the needs of the user. Capture, analyze and handle unusable laundry on the plant floor or where it is being used. Get useful accurate reports on discards, staining, costs, and quantities.

Pest Management

Use our NPMA checklists to ensure you keep your facility pest free.

Grounds Management

Managing the conditions of your grounds is easier with this mobile app, allowing your staff to plan and execute projects and tasks.

One of the major strengths of Walsh technology is that it all exists in a single framework. Set-up once, the add apps or checklists as you need them.

Dozens of VAMCs are benefitting from the automation and accountability of Walsh's solutions.
